

Problem - Solution Fit Template

Project Design Phase

Author: KADALI GEETHA SRAVYA | Team ID: PNT2025TMID_COSMETICS_01

1. Value Proposition Canvas

Problem: Complex product choices and hidden pricing trends in beauty industry.

Solution: Visual analytics platform offering interactive filtering by skin type, category, rank, and brand price comparisons.

2. Fit Verification

Features validated against persona pain points: KPI cards, ALL SKIN TYPES COUNT calculated field, and skin-type recommendation wizard.
